List of Languages

If your client does not speak English or has limited English speaking language proficiency:

- 1) Please ask your client to point out his/her language in this pamphlet.
- 2) Please refer to the booking guideline in WATIS How to Access Interpreters pamphlet to request an interpreter.

Note:

- Due to the different literacy level, some clients may not be able to read their language.
- If your client has hearing impairments requiring sign language interpreting, please request through WATIS.
- The Right 5 of the 'Code of Health & Disability Services Consumers' Rights and Section 6 of the Mental Health (Compulsory Assessment and Treatment) Amendment Act 1999 give clients the right to effective communication (requiring services to provide a competent interpreter, where practical, for clients who have limited ability to understand and speak English).
